HIGHLIGHTS

TOT@NISD

Aarohan's teachers participated in the two-day Training Program for Trainers on "Special Services for Children Engaged in Begging," organized by the **National Institute of Social Defence (NISD)**, New Delhi. The training was designed to equip professionals working with vulnerable children with knowledge and promote child-centered, rights-based interventions. It provided participants with practical knowledge and enhanced their capacity to identify, protect, and support children at risk. The insights gained will help Aarohan further strengthen its grassroots initiatives, ensuring that every child receives the care, protection, and opportunities needed to lead a safe and dignified life.

Ms Rani Patel (Aarohan president) and Princy (Manager, TI project) were invited to the Taj Mahal Hotel to represent and discuss the Transgender Empowerment Initiative, explore opportunities for skill development, employability, and dignified livelihoods for the transgender community, and provide equal opportunities for all.

Stories. Learning.
Confidence. For Life.

♥ A day full of stories, activities and inspiration! Children explored, learned and expressed themselves in a fun and safe space.

CAPACITY BUILDING AND ORIENTATION

A Meeting was held with the team to review the progress of ongoing projects, discuss key achievements, address implementation challenges, and plan upcoming activities.

Constructive discussions focused on improving programme quality, ensuring timely implementation, and enhancing the overall impact of our interventions. The review reaffirmed Aarohan's commitment to delivering effective, community-centered programmes through collaboration, accountability, and continuous learning.

HIV SCREENING CBS CAMP

With the support of DSACS and HLPPT, an HIV Screening CBS Camp was successfully organized under the Other Closed Settings (OCS) initiative at Asha Kiran Home, Sector-1, Avantika, Rohini, Delhi – 110085.

Asha Kiran Home was a residential institution dedicated to providing care, protection, and support to children with special mental health and developmental needs.

A total of 159 beneficiaries underwent HIV and VDRL screening. Health counseling, awareness sessions, and essential information on HIV prevention, testing, and overall well-being were also provided to the beneficiaries.

DIGITAL NAARI AWARENESS WORKSHOP

Digital Naari Workshop with the Bhatti Mines community women was organised, aligning with the Lakhpati Didi program initiated by the Government of India's Digital India Mission to promote digital literacy, financial inclusion, and livelihood opportunities

A total of 87 female beneficiaries participated in the workshop.

EDUCATION

BEYOND D BOOKS

Aarohan organizes educational exposure visits to help children learn beyond the classroom during the summer vacation. These experiences encourage curiosity, teamwork, confidence, and real-world learning while broadening their understanding of the world.

QUALITY EDUCATION & REMEDIAL LEARNING

Aarohan provides free remedial education to strengthen foundational learning in reading, writing, mathematics, and other core subjects. Through interactive and child-centred teaching methods, students receive personalized academic support to bridge learning gaps, build confidence, and improve their overall academic performance.

Our learning centre currently supports over 275 children, offering a safe and inclusive environment where every child receives individual attention, regular assessments, and continuous mentoring. By focusing on foundational literacy, numeracy, and life skills, we empower children to stay in school, perform better academically, and build a strong foundation for their future.

HEALTH, WELL-BEING

Aarohan promotes the physical, mental, and emotional well-being of children through yoga, life skills education, recreational activities, and health awareness sessions. These activities help children develop discipline, resilience, and healthy habits for lifelong success.

COMPUTER COURSE AND WOMEN EMPOWERMENT PROGRAM

DIGITAL SKILLS FOR A GLOBAL FUTURE

Aarohan is equipping over 65 youth and adolescent girls with essential digital skills through structured computer education. Learners are learning computer fundamentals, MS Office, internet browsing, email communication, and online services and advance level, enabling them to confidently navigate today's digital world and access education, employment, and global opportunities.

As participants progress to the advanced level, the curriculum focuses on enhancing practical digital competencies through advanced MS Office applications, digital documentation, online collaboration tools, internet research, and workplace-ready computer skills. This advanced training prepares learners for higher education, professional careers, entrepreneurship, and the evolving demands of the digital economy, fostering confidence, productivity, and long-term employability.

WOMEN EMPOWERMENT THROUGH TAILORING & FASHION DESIGNING

As part of its commitment to women's economic empowerment, Aarohan trained 56 women and adolescent girls during this quarter through its Tailoring and Fashion Designing program. Participants developed practical tailoring skills, learned the fundamentals of fashion design, and received guidance on entrepreneurship and financial management, enabling them to pursue self-employment and sustainable income-generating opportunities.

Every skill learned is a step toward independence. Aarohan remains committed to creating opportunities that empower youth and women to achieve economic self-reliance and lead lives of dignity and purpose.

Embracing diversity, Empowering identities!

BUILDING CAPACITY, STRENGTHENING INCLUSION

Aarohan continued its commitment to the social and economic inclusion of the transgender community. During this quarter, our team participated in a Capacity Building Training Programme organized by the National Institute of Social Defence (NISD) to strengthen their knowledge and skills in promoting the rights and welfare of transgender persons.

PLHIV AWARENESS AND PREVENTIVE HEALTHCARE

With the support of the Delhi State AIDS Control Society (DSACS), Aarohan conducted HIV/AIDS awareness camps across various hotspot locations, reaching over 864 transgender individual members through HIV testing services during this quarter. The initiative promoted HIV prevention, early diagnosis, treatment adherence, stigma reduction, and access to government health services. By strengthening health awareness and encouraging timely healthcare, the programme contributed to building a healthier, more informed, and empowered transgender community.

DRUG ABUSE AWARENESS

With growing concerns around substance abuse, Aarohan conducted drug awareness sessions to educate community members about the risks of drug use. During this quarter, over 850 individuals were reached through outreach campaigns across various hotspot locations. The programme promoted healthy lifestyles, mental well-being, informed decision-making, and timely access to counselling and rehabilitation services.

By fostering awareness, building capacity, and improving access to healthcare, Aarohan is creating inclusive communities where every individual can live with dignity, confidence, and equal opportunities.

EVENT & CELEBRATIONS

SAY NO TO CHILD LABOUR, YES TO EDUCATION

Creating awareness is the first step towards eliminating child labour and ensuring every child has the opportunity to learn and grow. As part of its continued commitment to child rights and education, Aarohan organized a Child Labour Awareness session to educate children about their rights and inspire them to become advocates for change. Through creative expression, children conveyed powerful messages such as "Stop Child Labour, Let Children Learn" and highlighted every child's right to education, protection, and a safe childhood.

EMPOWERING GIRLS THROUGH SELF-DEFENCE

Aarohan, in collaboration with Delhi Police, South District, organized a Self-Defence Awareness and Training Session for adolescent girls to promote personal safety and confidence. The session introduced practical self-defence techniques, safety tips, and the effective use of everyday objects for protection, empowering girls with the skills and confidence to respond to challenging situations.

30 DAYS OF LEARNING, FUN & DISCOVERY

Turning the 30-day summer vacation into a journey of learning and discovery, Aarohan conducted a vibrant Summer Camp where children participated in a variety of educational and recreational activities. Through storytelling, creative arts, games, and group activities, the camp fostered creativity, teamwork, communication, and self-confidence while making learning enjoyable and meaningful.
